

Order Dashboard - Kitchen Manager

The Kitchen Manager will be the main person in-charge of accepting and preparing orders. This clean interface with prominent categories and selection buttons is ideal for order management without hassles.

The screenshot shows the 'ORDER DASHBOARD' for a Kitchen Manager. On the left is a dark sidebar with navigation options: Home, Users, Delivery, Menu, Overrides, Tables, Customer, Order, Reservations, Marketing, Credits, Language, and Reports. The main dashboard area has a top navigation bar with buttons for Settings, Search, Reservations, Order History, New Ad-Hoc Order, and List View. Below this is a summary row with four boxes: '1 NEW ORDERS' (highlighted in purple), '0 PRE ORDERS', '0 PREPARING', and '1 READY' (with a red exclamation mark). A yellow callout box highlights a specific order: 'TAKEAWAY #0000-1136 ASAP @ 11:24 AM GUEST'. The right side of the dashboard shows a detailed view of order #0000-1136, including a 'Decline' button, 'Details' link, and 'Accept' button. The order is identified as a 'New Order | Received a few seconds ago'. Below the order details is a table of items:

ITEM	QUANTITY
Cherry Pie	1
TOTAL	\$ 0

Order Dashboard - Brand Manager

The Brand Manager, on the other hand, will be able to oversee all the order transactions and history. This interface is designed to be consolidated and different from that of the Kitchen Order Dashboard to minimise accidental acceptance/rejection of orders.

The screenshot shows the 'DASHBOARD' for a Brand Manager. On the left is a dark sidebar with navigation options: Home, Users, Delivery, Menu, Store, Customer, Order, Reservations, Loyalty, Marketing, Credits, Language, and Payment Accounts. The main dashboard area has a top navigation bar with buttons for Reservations and New Ad-Hoc Order. Below this is a table listing order transactions:

ORDER	FULFILLMENT	ITEMS	STATUS	ACTIONS
